

The Hole in One Club (Start of 2024 season)

This "Hole in One" club is perpetual, the golf season never ends. If a member wishes to drop out, or new members join in, we will update the membership and notify everyone.

GOLD MEMBERSHIP: You are obligated to pay your fellow GOLD members \$100.00 in the event he/she records a "hole in one" during any* event or outing in which they are a participant. SILVER members will only receive \$50.00 from you. If you score a "hole in one" you will receive \$100.00 from the GOLD members and \$50.00 from the SILVER members. If you did not participate in an outing in which someone gets a hole in one, you are exempt from paying.

SILVER MEMBERSHIP: Basically the same as the GOLD membership except your obligation is \$50.00 and you can only receive \$50.00 from either member if you score a "hole in one".

**Please note that any outing includes your weekend and away games anywhere you play.*

**Any weekend and away games that were not pre-arranged to play together will not count. For example, if one or more members playing the Northview Canal course, and the other one or more playing the Ridge course on a separate arrangement (one group not knowing the other is playing), you will only be obligated to the members you are playing with on the same course.*

However, if members playing in the same field of any pre-arranged outing or in the same tournament; in this case, even if you are on a separate course, you are obligated to all members in the field. For example, the Intercity tournament therein we occupy 2 separate courses.

Members List/As of June 10, 2024
